### Prova pilot a la superilla del Poblenou amb panots més sostenibles i permeables

T. Márquez BARCELONA

L'Aiuntament de Barcelona provarà uns panots més sostenibles i permeables a l'eix verd del carrer dels Almogàvers, dins la superilla del Poblenou, segons va informar ahir i recull l'ACN Estracta d'una prova pilot en què, durant un any, s'avaluarà el rendiment de les llosetes en una superficie d'uns 2,500 metres quadrats, amb l'objectiu d'incorporar els aprenentatges que se n'extreguin als nous contractos d'obra nública Els nous panots conserven els dissenys caracte ristics de la flor i la quadricula i entre els principals estan fabricats amb materials reciclats. També s'espera que reducixin l'efecl'augment de la temperatura a la ciutat per la calor generada per l'activitat humana, la poca humitat i dels Almogàvers, on s'han el mur que representen comencat a col·locar. els edificis. ## **Experimentation**

BARCELONA INNOVA LAB, a service that is configured as a natural space for experimentation where innovative products, services and methodologies are tested in real conditions to verify their usefulness, operation and generation of public value before being escalated to implementable and marketable products or services.

# BARCELONA INNOVA LAB MOBILITY

Barcelona is to become the preferred hub and integrative test-bed for **development of ground-breaking innovations**, coupled with **socio-behavioral urban aspects**, aligned with the Sustainable Development Goals (SDGs) set by the UN. in this sense, the Lab aims to **accelerate innovation in the urban mobility sector**.

#### 01| Mobility Department - Barcelona City Council

Mobility needs and initiatives it has been identified and for which there is already a solution on the market.

#### 02| City Council Barcelona - initiated

- Launching of invitations to apply for mobility innovation challenges
- Networking and promotion of involvement and participation opportunity
- Submission of projects and winner selection for funding and additional resource
- First challenge Reduce the accident rate of motorcycles
- Second challenge Improvement of the bus network service in Barcelona

## **Open thinking**

BIT Habitat promotes the culture of responsible and consistent public innovation, which must become the lever of transformation and acceleration at the service of citizens. It does so by promoting the space for dialogue with citizens regarding the past, present and future of urban life, fostering civic imagination and collective intelligence on the challenges facing cities today and tomorrow.
